# Hospital in the Home - built hospital capacity in Covid

- Direct Covid care
- Increased non-Covid scope and activity

# THE WALL STREET JOURNAL.

## What the Hospitals of the Future Look Like

The sprawling institutions we know are radically changing—becoming smaller, more digital, or disappearing completely. The result should be cheaper and better care.

## CMS Announces Comprehensive Strategy to Enhance Hospital Capacity Amid COVID-19 Surge

Nov 25, 2020 | Hospitals, Innovation models

Share [Facebook] [Twitter] [LinkedIn] [Email]

Today, the Centers for Medicare & Medicaid Services (CMS) outlined unprecedented comprehensive steps to increase the capacity of the American health care system to provide care to patients outside a traditional hospital setting amid a rising number of coronavirus disease 2019 (COVID-19) hospitalizations across the country. These flexibilities include allowances for safe hospital care for eligible patients in their
